PROFILE

- Committed to Delivering Excellence

An ambitious, determined and hardworking individual with strong focus on the achievement of stated objectives and continuous improvement in my skills and knowledge.

I am passionate about information technology and software development. My aspiration is to continue to develop my knowledge and enhance my skills. I adopt a collaborative approach to analysing business challenges and creating practical solutions by using best practice approaches and techniques.

I deploy a proactive approach to all tasks and have the ability to work under pressure in a methodical and responsible way to achieve tangible outcomes.
